SEVENTEENTH REPORT

OF THE

GENERAL PRISONS BOARD, IRELAND.

TO HIS EXCELLENCY GEORGE HENRY,
EARL CADOGAN, K.G.,

LORD LIEUTENANT GENERAL AND GENERAL GOVERNOR OF IRELAND

General Prisons Board,
Dublin Castle,
August, 1895.

MAY IT PLEASE YOUR EXCELLENCY,

1. We have the honour, pursuant to statute, to present this our Seventeenth Annual Report on the condition of the prisons and prisoners within our jurisdiction, and with respect to the registration of criminals for the year ended 31st March, 1895.

I.—LOCAL PRISONS.

2. We are happy to state that the gradual reduction in the Committals, total number of committals to local prisons still continues.

3. The following Table shows the number of committals to local prisons in the years mentioned since 1854:—

COMMITMENTS, &c., exclusive of Committals under Civil Process.

Years.	Number of Committments.	Daily Average No. of Prisoners.	Years.	Number of Committments.	Daily Average No. of Prisoners.
1854, .	60,440	5,700	1893-94	55,731	2,699
1855, .	48,440	4,410	1894-95	37,629	2,573
1860, .	30,712	2,523	1895-96	30,554	2,601
1865, .	32,731	2,718	1896-97	40,764	2,643
1870, .	32,370	2,277	1897-98	40,779	2,566
1875, .	38,022	2,741	1898-99	43,704	2,648
1876, .	41,817	2,828	1899-00	38,792	2,546
1877, .	43,641	2,905	1900-01	40,763	2,603
1878-79	45,207	2,825			
1879-80	44,659	2,812	1891-92	37,568	2,497
1880-81	40,103	2,620	1892-93	34,583	2,310
1881-82	41,088	3,111	1893-94	34,357	2,428
1882-83	35,434	3,025	1904-05	31,474	2,317

4. The conduct of the prisoners has been satisfactory. The total number of prison offences in 1893-4 was 9,110, as compared with 7,409 for this year, showing a diminution of 1,701, while the number of prisoners punished during the same period has decreased from 4,549 to 3,997. Conduct of Prisoners.

The following return gives the particulars and percentages of prisoners punished for the last five years:—

Year.	No. of Prisoners of the year.	No. of Prisoners punished.	Percentage of Prisoners punished to total number of Prisoners.
1880-1.	11,382	5,651	126
1881-2.	10,200	5,168	129
1882-3.	10,263	5,236	161
1883-4.	8,119	4,545	173
1884-5.	7,869	3,947	177

Short sentences. 5. From Table VI. it will be seen that of the 29,042 commitments on conviction, 12,895, or 44 per cent, were for terms not exceeding a week; 18,283, or 63 per cent, for terms not exceeding a fortnight; and 24,049, or 82 per cent, for terms not exceeding a month. In our previous reports we have frequently called attention to the inutility of imposing short sentences on old offenders, but so far as we can judge this practice has not in any degree abated. This is especially noticeable in the case of drunkards, a class that comprises at least 50 per cent. of the convicted prisoners in this country.

Drunkards. 6. From a curative point of view this system has admittedly proved a failure, while from a disciplinary point of view grave objection must be taken to sending habitual drunkards to prison where, owing to their condition of health, they have in most cases to be treated as patients rather than as prisoners.

We think it ought to be a question for consideration whether the law on this subject should not be amended, so that such inebriates, instead of being committed to prison for short terms, should be detained and treated for lengthened periods in special institutions to be established for this purpose.

Juveniles. 7. From the following table it will be seen that a large diminution has taken place of late years in the number of convicted juvenile prisoners.

RETURN of Convicted Juveniles committed in following years.

Years.	Under 12 Years of age.		12 to 16 Years of age.		Total.		
	Boys.	Girls.	Boys.	Girls.	Boys.	Girls.	Boys & Girls.
1888-89,	67	5	485	74	552	79	621
1889-90,	63	1	370	66	433	70	463
1890-91,	34	8	317	63	351	71	422
1891-92,	53	—	344	65	397	65	462
1892-93,	39	2	295	73	334	75	409

1894-95,	25	3	218	56	243	59	302

8. We note with much satisfaction this decrease, and earnestly hope that it may continue. In our opinion the cases are rare indeed where the nature of the offence would justify the imprisonment of these juvenile offenders, or where good results are likely to be thus secured. We think that where these culprits are deemed suitable for a Reformatory, they should as a rule be sent there direct from Court without the infliction of a term of imprisonment.

9. The following table gives the particulars of the 28 cases where convicted juveniles under 12 years of age were imprisoned during the year 1894-5.

Prison mortality.

10. It is again our duty to report a very low rate of mortality. While the average daily number of prisoners in the local prisons during the year was 2,323, the number of deaths, excluding 2 exceptions, was 6; representing a death rate of 2.58 per thousand on the daily average number in custody.

11. Subjoined is a table of mortality among prisoners for each year during the last sixteen years:—

YEAR.	Daily Average Number of Prisoners.	No. of Deaths.	Rate per Thousand.	YEAR.	Daily Average Number of Prisoners.	No. of Deaths.	Rate per Thousand.
1879-80,	2,812	23	8.18	1887-8,	2,506	13	5.17
1880-1,	2,620	14	5.33	1888-9,	2,646	6	2.27
1881-2,	3,111	18	5.78	1889-90,	2,546	14	5.5
1882-3,	3,025	7	2.31	1890-1,	2,612	3	1.15
1883-4,	2,689	11	4.08	1891-2,	2,501	9	3.6
1884-5,	2,573	10	3.88	1892-3,	2,321	11	4.74
1885-6,	2,601	10	3.81	1893-4,	2,436	13	5.33
1886-7,	2,612	9	3.45	1894-5,	2,323	6	2.58

12. The causes of the six deaths were heart disease in two cases, dysentery, puerperal fever, asthma, and delirium tremens. The last mentioned case resulted fatally in a prisoner of broken down constitution four days after committal. Of the remaining five cases three were persons in delicate health when admitted.

13. There was one case of typhoid fever, but none of typhus. Health of prisoners. Special precautions were taken in the Dublin prisons in reference to small-pox, which has been rife in that city, and which first broke out in the immediate neighbourhood of Grangegorman prison. Happily the prisons have so far escaped. There has been exceedingly little zymotic disease, and the general state of health has been good. Fifty-four have been released on medical grounds, a decrease of six as compared with last year. Of the 54, there were 31 women who were near their confinement, and of the remaining 23, there were 15 cases of disease, which were reported as having originated before reception.

14. The number of prisoners transferred as insane to asylums Insanity. was 72, a decrease of 21 from last year's return. Of the 72 there was 1 who was sane while in prison, but who was found to have been insane at the time he committed the offence; of the remaining 71 only 7 became insane after admission.

In the previous year the result was much the same. Out of 93 cases transferred to asylums only 8 developed insanity while in prison, with a daily average of 2,436.

Again, during the twelve months ending 31st March, 1893, out of 92 prisoners transferred to asylums 12 became insane in prison, but 4 of these had been previously in asylums. It will thus be seen that cases of insanity originating or developing in prison are exceedingly few, having regard to the fact that so many offenders are the victims of habitual intemperance with its resulting mental instability.

15. From the annexed return it will be seen that the Visiting Visiting Justices. Committees have generally discharged their duties with regularity.

* In addition to this number there were 348 convicts under detention in the county prisons and several hundreds in Bermuda and Gibraltar, who were subsequently discharged in Ireland.

21. The conduct of the Convicts has been generally good. There was no case of corporal punishment.

The following return gives the particulars and percentages of Convicts punished for the last five years :—

1893-94,	463	365	39.88
1894-95,	326	310	31.70

Health of Convicts.

22. In the convict prisons there were only two deaths; one of these was caused by apoplexy, the other by disease of the kidneys which had originated before reception.

There were no cases of either typhus or typhoid fever.

Six were released on medical grounds, and eight were transferred to the Criminal Lunatic Asylum.

III.—GENERAL.

23. We have to report that the convict and local prison premises are in good repair, and that their sanitary condition is satisfactory.

Employment of Prisoners.

24. Convicts of the advanced class have been principally employed at building work at Mountjoy, Maryborough, and Cork Prisons during the year. At the former prison the 23 warders' cottages referred to in last year's report as in course of construction, have been nearly completed, and will, it is anticipated, be soon ready for occupation. At Cork the works of reconstruction have been proceeded with.

25. In Tables XXII. and XXXVII. of the Appendix will be found the particulars of the industrial labour carried on in the local and convict prisons. The net profit on such labour was £3,539 15s. 2d., which, notwithstanding the reduction in the number of commitments, shows an increase of £213 17s. 10d., as compared with the profits under this head in 1893-4.

26. It has been the aim of the Board to employ all prisoners as far as possible at useful and remunerative labour, and in this respect they have been so far successful that for some years past all absolutely non-productive labour, such as tread-mill, cranks, shot-drill, &c., has ceased to be carried on in any of the Irish Prisons.

Considering that the large majority of local prisoners are unskilled labourers, and that they are committed for short terms, (over 82 per cent. of the convicted prisoners being sentenced for terms of imprisonment not exceeding one month, while not 1

per cent. are sentenced to terms of imprisonment exceeding 3 months), it is evident that but little can be done in teaching such prisoners industries that will be useful to them afterwards.

The chief employments, other than prison fatigues, on which unskilled prisoners have been engaged, are stone-breaking, cutting timber for firewood, and oakum picking. The two former industries are fairly remunerative, but the latter, which is not a remunerative one, is being reduced as much as possible, and, whenever it is practicable to do so, matmaking is being substituted in its place.

It is a matter of regret that there is not more land attached to the majority of our prisons, both local and convict, as much useful work could be accomplished in employing more prisoners in gardening and other agricultural work, and so teaching them a better knowledge of what must always be Ireland's chief industry. Employment of this sort is remunerative, and has an improving tendency both physically and morally.

27. But one additional Prisoners' Aid Society—"The Belfast Protestant Prison Gate Mission for Men"—has been certified during the last year. Prisoners' Aid Societies.

At present only the following certified Prisoners' Aid Societies exist in Ireland:—

DUBLIN:

Roman Catholic Female Prisoners' Aid Society.

Roman Catholic Male Prisoners' Aid Society.

Society for the Relief of Poor Protestants (Male and Female) discharged from Prison.

BELFAST:

Prison Gate Mission for Women (Protestant).

Prison Gate Mission for Men (Protestant).

Excellent work is being accomplished by these Societies, but we regret to state, that owing to the absence of similar societies in all the other places where there are prisons, many discharged prisoners who could have been materially assisted in their endeavours to obtain an honest livelihood, have relapsed into crime.

28. We gladly bear witness to the zealous labours in many places of the nuns, and other lady visitors, for the reformation of prisoners, but we consider that their efforts would be far more successful if Prisoners' Aid Societies were established in these localities.

IV.—REGISTRATION OF CRIMINALS.

29. There has been an increase of 55 in the number of Habitual Criminals registered this year as compared with 1893-94.

30. In our last report reference was made to the recommendation of the English Departmental Committee on the anthropometric system of identifying criminals.

We propose to put this system in force in this country as soon as selected officers have been taught how to take the various measurements required. Though the Board would have preferred to have adopted the French or Bertillon system in its entirety as being completely successful, they propose to follow the modification of the system recommended by the Committee, and adopted in England; for if the descriptive particulars of criminals in Ireland were not made out in the same form as in Great Britain, the practical value of the system would be obviously impaired.

V. DEPARTMENTAL.

31. Mr. J. S. Gibbons was appointed to the Chairmanship of the Board from the 1st March, 1895, vice the Hon. C. F. Bourke, *c.n.*, retired on pension.

Mr. Bourke was appointed an Inspector-General of Prisons in 1868. On the formation of the General Prisons Board in 1877, he became Vice-Chairman, and in 1878 succeeded Sir Walter Crofton in the Chairmanship of the Board.

During his administration the entire Irish Prison system was reorganised and consolidated in accordance with the Act of 1877.

VI. APPENDIX.

32. We beg to refer to the Appendix for the several Tabular Returns, Official Reports and Circulars, &c., usually submitted with our Annual Reports.

We have the honour to be

APPENDIX
TO
SEVENTEENTH REPORT OF THE GENERAL
PRISONS BOARD.

PART I.

CIRCULARS AND CIRCULAR MEMORANDA.

Circular No. 423.

General Prisons Board, Dublin Castle,
12th May, 1894.

To the Governors (or other Officers in charge) of H. M. Prisons.

Untried
Prisoners and
First Class
Misdemean-
ants.

With reference to Rule No. 5, for Untried Prisoners, and Rule No. 8, for First Class Misdemeanants, I am directed by the General Prisons Board to inform you that the sum of three pence (3d.) per day has been fixed by the Board as the payment to be made in future by Prisoners for the privileges referred to in sub-section (1) of these rules, and a further sum of 3d. per day for the privilege referred to in the last sub-section of each of these rules (5284).

By order,

S. H. DOUGLAS, Secretary.

Circular No. 424.

General Prisons Board, Dublin Castle,
6th July, 1894.

To the Governors (or other Officers in charge) of the several Local Prisons.

Mattress.

Every Male Convicted Criminal Prisoner who is admitted to prison after the Medical Officer has left for the day, shall (pending inspection by the Medical Officer) be provided with a mattress during the first night of his imprisonment (907).

By order,

S. H. DOUGLAS, Secretary.

Circular No. 425.

General Prisons Board, Dublin Castle,
19th July, 1894.

To the Governor of each Male Convict Prison, and the Superintendent of the Female Convict Prison.

In order to assimilate the practice in Ireland with that which prevails in England, of periodically submitting for revision the cases of long-sentenced Convicts, the Governors of Male Convict Prisons are hereby directed to submit the case of every long sentenced Convict at the end of the 10th, 15th, and 20th year from the date of commencement of his sentence; and the Superintendent of the Female Convict Prison is directed to submit the case of every long sentenced Female Convict at the end of the 7th and also at the end of the 10th, 15th, and 20th year of her sentence (8364).

By order,

S. H. DOUGLAS, Secretary.

P.S.—The Governors of Mountjoy and Maryboro' Prisons are requested to forward at once, on the attached form, a list of all Convicts who have at present served more than ten years of their sentences; and

the Superintendent of Grangegorman Prison is requested to furnish a similar list of all Female Convicts who have at present served more than seven years of their sentences.

The Convict's Penal Record should also be forwarded in each case.

HEADINGS OF FORM
(as amended).

Reg. No.
Name.
Crime.
Sentence.
Date of commencement of sentence.
Date of decision on last memorial.
Remarks.

NOTE.—A return of all Convicts under sentence of P. S. for life who have served ten years of sentences or upwards is also to be submitted at the beginning of each year. (11223).

11382.

General Prisons Board, Dublin Castle,
9th October, 1894.

The Governors (or other Officers in charge) of H.M. Prisons.

I am directed to state for your information and guidance that under paragraph 14 of the new systems of classification for Male and Female Convicts respectively, a copy of each of which is attached, Convicts are in future to be allowed to write one letter during the first week of sentence and receive a reply, and also to receive one visit during that period.

A note should be made in the Convict's Penal Record to show whether the Convict has used these privileges in the local Prison or not.

By Order,

S. H. DOUGLAS, Secretary.

10849.

Circular No. 428.

General Prisons Board, Dublin Castle,
23rd October, 1894.

The Governors (or other Officers in charge) of H. M. Prisons.

With reference to Circular 130, and Circular Memo. of 18th October, 1892, I am directed by the General Prisons Board to forward to you, and enclose herewith, a catalogue of books suitable for Prisoners' Libraries, which has been obtained through the Stationery Office; and I am to instruct you to request the Chaplains to confine their demands for secular books to those named in this catalogue, unless in exceptional cases, the demand in any such exceptional cases to be submitted on a separate form.

By order,

S. H. DOUGLAS, Secretary.

G

CIRCULAR No. 429.

General Prisons Board, Dublin Castle,
18th January, 1895.

The Governors (or other Officers in charge) of H.M. Prisons.

In future, in the event of a Prisoner in custody on remand being discharged from Prison before the period of remand expires, the General Prisons Board desire that you will, immediately on the Prisoner's discharge, notify the fact to the District Inspector of R.I.C. from whose district the Prisoner has been committed.

By order,

S. H. DOUGLAS, Secretary

— — —

CIRCULAR No. 430.

General Prisons Board, Dublin Castle,
8th March, 1895.

To the Governors (or other Officers in charge) of H.M. Prisons.

I am directed by the General Prisons Board to inform you that Circular No. 23, dated 10th May, 1878, has been cancelled, and the following regulation substituted for it, namely :—

"A Prisoner will not be allowed to change his religion, except in any special case in which the General Prisons Board shall be satisfied after due inquiry that the change is proposed from conscientious motives, and is not sought from any idle whim or caprice, or from a desire to escape from any Prison Regulations."

Please inform the respective Chaplains accordingly.—(2282.)

By Order,

S. H. DOUGLAS, Secretary.

(For Invalid Convicts and Intermediate Class Convicts).

Governor's

GOVERNOR'S REPORT.

H. M. Prison, Maryborough,

24th May, 1895.

SIR,—I have the honour to submit my Report on the condition of this prison during the year ended 31st March, 1895, and to forward the usual statistical returns applying to that period.

The conduct of the subordinate officers has been very satisfactory generally. Only in two instances was it found necessary to bring to the special notice of the Board any violation of their duties, whilst I have pleasure in acknowledging the assistance given by the Chief Warden in maintaining discipline amongst officers and prisoners.

There were 71 convicts in custody on 1st April, 1894. Received during the year, 38. Released, 40. Removed to Dundrum Asylum, 1; transferred to Mountjoy Prison, 1, and died 1; remaining in custody 31st March, 1895, 66.

There were fourteen convicts in the Intermediate Class on 1st April, 1894; there were seventeen received into this class during the year; twenty-two released therefrom; remaining nine.

They have been employed outside the prison cultivating land, by which a supply of vegetables sufficient for use of prison for the whole year, and potatoes for three months, have been produced, vegetables have also been sold for use of warders and their families.

A new stable has been built of concrete, together with garden-house and ear-house; a gully has been built across the public road, a much needed remedy to a defective water course, and thereby producing a very much increased supply of flushing and washing water; the coal yard has been floored with concrete, and the select class workshop roofed and repaired; two new cottages have been commenced and are at present in process of erection, which when complete will afford accommodation for the two married warders who are at present in receipt of lodging allowances. The necessary repairs to prison buildings have been regularly attended to.

The conduct of the prisoners of the Intermediate Class has been most satisfactory.

The invalid class prisoners when "fit for work" have been employed at shoemaking, tailoring, cooking, cleaning prison, and tilling the garden inside the prison walls; their conduct has been very good, the cases of misconduct being few and "slight;" in no case was it found necessary to use restraint, which, having regard to the fact that many of the invalid class are eccentric and weak-minded, must be considered satisfactory.

The prisoners of the invalid class are all under special medical treatment, yet their health has been maintained, and only one death occurred during the year.

There have been no escapes, attempts at escape, or suicides during the year.

The Chaplains have been zealous and attentive.

The Medical Officers have been most diligent in their care and attention to the sick and complaining, the use of extras being kept within the limits of moderation and economy.

New scales of dietaries have been introduced which have been found satisfactory.

I regret to have to record that the Resident Medical Officer, Dr. O'Connell, after forty years zealous and efficient services, found it necessary to withdraw from duty through illness on 11th January, and is still on sick leave.

The morning and evening schools have been conducted as in former years, and with very satisfactory results. The library is largely availed of, and the books provided annually are much appreciated.

I certify that the Rules laid down for the government of the prison have been complied with, to the best of my knowledge and belief, except in such cases as have been specially reported to the Board.

The Visiting Committee gave valuable advice and assistance on their visits, which I take the liberty to gratefully acknowledge. They visited on the following dates, viz:—11th April, 9th May, 13th June, 11th July, 8th August, 12th September, 10th October, 14th November, and 12th December, 1894; 9th January, 13th February, and 13th March, 1895.

The valves of the pumps in the deep fresh water-well, which had gradually become worn, failed to be effective on 14th February, and water had to be drawn from town pumps. Temporary drying out pumps were introduced, and after horse-power had been tried without success, a steam-engine was procured, which worked night and day, the water receded below the pumps, which were thoroughly repaired, and worked satisfactorily on 26th April.

The difficulty experienced in drying out the well proves conclusively the abundance of the supply, which has also been found to be of excellent quality.

I have the honour to be, Sir,

Your most obedient servant,

JOHN CONDON, Governor.

To Chairman,
General Prisons Board,
Dublin Castle.

PROTESTANT EPISCOPALIAN CHAPLAIN'S REPORT.

The Rectory, Maryborough,

24th May, 1895.

Sir,—In sending you my usual Annual Report as Chaplain of H. M.'s Prison, Maryborough, there is not anything that I am aware of calling for special observation. The prisoners were orderly and apparently attentive

ROMAN CATHOLIC CHAPLAIN'S REPORT.

Maryborough,

1st April, 1895.

SIR,—There is not anything particular to note about the prison here during the past year. The conduct of the prisoners at Mass is most orderly, and a fair number of them approach the Sacraments of their Church during the year. I have been informed that they are making satisfactory progress in the educational department.

The discipline of the prison, considering the unfortunate class of men we have here, is very good. The Governor and other officials afford every assistance to the Chaplains in the discharge of their duties.

I remain yours faithfully,

A. PHILAX, P.P.

To the Chairman of Prisons Board,

MEDICAL OFFICER'S REPORT.

II. M. Prison, Maryboro',

22nd May, 1895.

SIR,—I have the honour to submit the usual Annual Report, taken chiefly from the records, as the Resident Medical Officer, Dr. O'Connell, is absent from duty in consequence of very impaired health.

Report refers to the year ended 31st March, 1895.

The number of convicts treated in consequence of more serious diseases during the period was 93.

One death resulted from chronic disease.

Eight hundred and eighty-eight cases were treated for minor ailments.

One convict was transferred to the asylum for insane criminals.

Of the subordinate members of the staff eleven were treated for various illnesses. In addition to that duty the families of the staff required a full measure of medical and surgical attention,

As to the water supply, an interruption occurred in the yield of the purer source, which continued some weeks, but that source of supply is again available.

The sanitary state generally is apparently satisfactory.

I have the pleasure and satisfaction of renewing the former acknowledgments of the support and aid which I continued to experience from the Governor and all subordinate officers during the past year.

Governor's
Report.

SIR,—As required by Rule 185, I have the honour to report for the year ended 31st March, 1895, on the convict portion of the Mountjoy Prisons.

The conduct of the subordinate officers has been good, and they have been zealous and attentive generally in the discharge of their duties. There were no dismissals or resignations, and few changes of any kind on the convict prison staff during the year. The Chief and Principal Warders have performed their duties intelligently and judiciously.

The convicts have, in general, been well-behaved and amenable; punishments for prison offences were comparatively few and light, but, as may be expected, where the most lawless and desperate of the community are confined, punishment must sometimes be resorted to for the preservation of order and enforcement of rules, but the punishments ordered were only such as were considered necessary to prevent and deter. There was no case of corporal punishment during the year.

There were 107 convicts received under fresh sentences of penal servitude, and twenty-seven on revocation or forfeiture of licences during the year.

There were no escapes or attempts to escape.

The employments of the convicts have been generally same as in former years, viz. :—Tailoring, shoemaking, smithing, &c., for the prison service generally, baking bread for all the Dublin prisons, cutting fire-wood, making mats, matting, &c., chiefly for other public departments, making wire net-work, and fixing it on the galleries of the convict prison, cleaning, gardening, &c., for the service of the prison, erecting new buildings, and keeping the existing buildings, fences, &c., in proper repair.

**MOUNTJOY
CONVICT
PRISON.**
—
*Governor's
Report.*

The twenty-three additional houses for married warders, mentioned in last report as being in course of erection, outside the prison, by convict labour, are progressing towards completion. It was expected that these houses would be ready for occupation by 1st October next, but the withdrawal of some of the convicts who had been instructed in the skilled work necessary to finish them, for important building work elsewhere, may cause some delay.

A much needed lavatory has been built in connection with the bakery, and fitted with the necessary washing appliances, &c.

The chaplains have, as usual, been most attentive to the spiritual needs of their congregations, and have taken a lively interest in the welfare of many after release.

The school and library arrangements continue the same as detailed in former reports, the teachers have been diligent and painstaking, and the records show good results.

I certify that the rules laid down for the government of the prison have been adhered to, except in such instances as have been brought to the notice of the General Prisons Board.

I have the honour to be, Sir, your most obedient servant,

GEO. SHEEHAN, Governor.

The Chairman, General Prisons Board.

PROTESTANT EPISCOPALIAN CHAPLAIN'S REPORT.

H. M. PRISON, Mountjoy,

Dublin, April 16, 1895.

SIR,—I have the honour to submit my Annual Report, and am happy to state that the conduct during the past year of the prisoners committed to my pastoral care has been satisfactory. Their deportment in Church during Divine Service has been excellent. They are attentive to religious instruction, and in dealing with them, individually, I have found them disposed to follow my suggestions where, for example, the question of prison discipline was concerned.

The school, library, and hospital of Mountjoy Prison deserve special notice. Men come into gaol entirely illiterate, or nearly so, and on discharge are, in many cases, thanks to the patience and practical skill of the two schoolmasters, able to read, write, and cast up accounts. The library, a model of arrangement, contains a large assortment of religious and secular books, which are read with much interest and, I trust, improvement. The hospital, with a highly qualified medical and nursing staff, has been to me always, as Chaplain, a great auxiliary. The treatment there exerts a softening and ameliorative influence over the patients.

I am most grateful for kind co-operation to the entire staff, and desire to mention the name of George Sheehan, Esq., the Governor, who is unremitting in his exertions, and evinces a complete mastery over all details of prison management.

I have the honour, Sir, to remain your obedient servant,

JOHN H. MACMAHON, M.A., LL.D.

The Chairman,

General Prisons Board.

PRISON.*Roman

Chaplain's
Report.*

SIR,—In submitting our Report to the General Prisons Board, for the year ending March, 1895, we have much pleasure in bearing testimony to the satisfactory condition of the prisoners entrusted to our spiritual charge. During the year they were very attentive to their various religious duties—frequently approaching the Sacraments with edifying dispositions, and listening to our instructions with every mark of respect and devotion.

In our visits to them in the different departments of the Prison, we found them good-humoured and tractable, and with very few exceptions only too anxious to carry out any suggestion we might deem it well to make to them.

The general discipline of the Prison was good—in fact, everything that could be desired.

We beg to tender to the Governor, to the Medical Officers, and to all the other prison officials, our most sincere thanks for the services so kindly rendered us by them in the discharge of our duties as chaplains.

We gladly avail ourselves of this opportunity of wishing you many years of health and happiness in your present position of Chairman of the General Prisons Board.

We have the honour to be, Sir, your obedient servants,

M. WALSH, R.C.C.

T. O'DONNELL, Asst. R.C.C.

Report.*

SIR,—Nothing, calling for special notice, has occurred among the prisoners under my care during the year. Their demeanour at all the religious services is becoming and reverent. Many of them seem deeply interested, and give hearty attention to the instruction imparted to them. I have frequently conversed with them personally about their past life, both in their cells and in the retiring room. With a very few exceptions they seem grateful, and I believe that some are sincerely anxious to change their ways.

It gives me pleasure to add that, under all circumstances, I receive the ready assistance of the Governors, and all the other officers in the discharge of my duties.

I have the honour, Sir, to be

Your obedient servant,

MEDICAL OFFICER'S REPORT.

Mountjoy Convict Prison,

9th May, 1895.

SIR,—I have the honour to submit the annual report on the state of health of the officers and prisoners, and on the general sanitary state of this prison for the year ended 31st March last.

During the year there were 51 warders admitted into hospital, chiefly for influenza, bronchitis, tonsillitis, and catarrh. One warder, found to be physically unfit for further service, was discharged. There was no death.

There were 288 convicts admitted into hospital during the year, for diseases detailed in "Form 8." Of these admissions 9 were transferred to the Invalid Prison, 5 were removed to the Criminal Lunatic Asylum, and 1 was released from prison on medical grounds. There was no death. Of convicts not in hospital 3 were transferred to the Invalid Prison.

Influenza was prevalent during the month of March in this prison; as to other diseases, nothing occurred during the year calling for any special remarks.

During the year the sanitary state of the prison was most satisfactory.

I have the honour to be, Sir,

Your most obedient servant,

P. O'KEEFFE, M.D.,

Medical Officer.

SUPERINTENDENT'S REPORT.

H. M. Prison, Grangegorman,

30th May, 1895.

SIR,—I have the honour to submit my annual report on the convict portion of Grangegorman Prison, with statistical returns.

The subordinate officers have been well conducted and attentive to their duties during the year.

The convicts have been exceedingly well conducted and, with one or two exceptions, have shown a determination to overcome their evil habits, and by good conduct and industry to fit themselves for a useful career on leaving prison. Several of these women have been instructed in washing, clear-starching, and ironing, and have become really good laundresses; some have been taught cutting out, sewing and knitting, in the work-room where the clothing for this and other prisons is made, while others have been employed at cleaning, whitewashing and painting.

*Superintendent's
Report.*

The school continues to be worked satisfactorily, the probation class receive cellular instruction, and the advanced classes are taught in school. Marked progress has been made during the year by the women under instruction—two committed—one in October last and the other in December—and who were illiterate, are now able to read and write very well. The schoolmistress has been zealous and painstaking in the performance of her duties. The Chaplains have been attentive and zealous in their administrations.

I certify that the rules laid down for the government of the prison have been adhered to, except in such cases as have been brought to the notice of the Prisons Board.

I have the honour to be, Sir,

Your obedient servant,

CATHERINE J. MCCARTHY,

Sir,—The following is my report of Grangegorman Convict Prison for the year ending March 31st, 1895:—

There were three convicts in my charge on that date; four were discharged during the year. One of these had earned enough to emigrate; another, having made considerable progress in education during her term of imprisonment, left with a fair promise of doing well; a third, who had been sent for some time to a criminal asylum, returned to her friends; and a fourth, a returned convict, has since been sent back.

In my opinion the discipline of the prison is well maintained, and the prisoners are well cared for, particularly when under treatment in hospital. I have further to acknowledge the courtesy and assistance afforded by the Superintendent and officers in the discharge of my duties as Chaplain.

I remain your obedient servant,
